SCHEDULE "B" TO BY-LAW 161-2016

Description of Property:

The subject property is municipally known as 10955 Clarkway Drive and legally described as in Schedule A to this by-law. It is 10.42 acres in size and located at the southeast corner of Clarkway Drive and Countryside Drive. It contains a farmhouse, a series of outbuildings, landscaped terraces and agricultural fields. The concentration of cultural heritage value is found on the western half of the property fronting Clarkway Drive.

Statement of Cultural Heritage Value or Interest:

The Pinebrook Farmhouse was built circa 1880 in the Gothic Revival Style. Notable architectural features of the Pinebrook Farmhouse include dichromatic brickwork such as buff brick quoins, arched voussoirs and lozenges, two-over-two sash windows, Gothic arched window at front-gable, bay windows, stone foundation, front entrance with transom and sidelights, and large porch. The later addition of an Edwardian front porch with columns and balustrade further distinguishes the home. The portion of the house at the rear is believed to pre-date the large brick front portion. It appears to be an original Gothic Cottage that was eventually incorporated into the construction of a larger farmhouse. The property also contains several significant landscape features. A meandering gravel laneway, a tributary creek, mature trees, steep terraced landscape with stone steps, and split rail fencing help create a picturesque landscape.

The cultural value also lies in its association with early residents of the Toronto Gore Township, particularly with regards to four generations of the Clark family, for whom Clarkway Drive was named. The property is also directly associated with Brampton's rich agricultural history. Toronto Gore Township was noted for being prosperous since farms were usually in a high state of cultivation. In the late 19th century, the township experienced an economic boom much like its neighbouring township, Chinguacousy. At this time, the shift from log to brick farmhouses represented the agricultural prosperity that prevailed in Brampton. As a masonry farmhouse constructed in the mid-19th century, Pinebrook Farmhouse is an early token of an important phase in the growth of Toronto Gore.

The contextual value of the property lies in its status as a landmark on the southeast corner of Clarkway Drive and Countryside Drive. As an aesthetically beautiful and relatively large farmhouse on a picturesque property, Pinebrook Farmhouse is considered a landmark in the Toronto Gore. The mature vegetation that characterized the landscape also establishes and supports the rural character of the intersection.
