SCHEDULE "B" to By-law 82-10

The aforesaid real properties are designated as being of historical and architectural value or interest, for reasons listed below:

FIRSTLY:

MELVILLE WHITE CHURCH & CEMETERY

The Church is important from an historical point of view because it represents the efforts of the earliest "Rockside" pioneer. The structure itself built in 1837 is one of the oldest church buildings left standing in the area and an example of the unadorned style of architecture popular among many Protestant denominations of that time period.

SECONDLY:

OLD CALEDON TOWNSHIP HALL

The hall is significant because of its role in history both in the Village and the Township. It served as a Court House, Town Hall, Library and Social Centre for over 100 years. Architecturally it is significant because the curved windows and decorative brickwork are exemplary of municipal buildings prevalent in the 1870's.
