**STATEMENT OF CULTURAL HERITAGE VALUE AND DESCRIPTION OF
HERITAGE ATTRIBUTES**

Statement of Cultural Heritage Value

The 1857 stone cottage located at 5 Brock Street North, Dundas, possesses cultural heritage value due to its association with the economic and industrial development of the Town of Dundas. This workers' cottage is representative of the housing stock built in the town for the burgeoning working class in the mid-nineteenth century. The vernacular late-Georgian style, stone residence is a well-designed example of a one and one-half storey cottage and is also a good example of local stone workmanship. The building retains its residential character and contributes to the historic quality of the streetscape.

Description of Heritage Attributes

All four elevations and the gable roof of the main building together with all construction materials and all component features and detailing.

All three elevations and the gable roof of the one-storey kitchen wing attached to the east/rear of the building, and all building component features and detailing thereon.
