REASONS FOR DESIGNATION – STATEMENT OF CULTURAL HERITAGE VALUE

Bradford Town Hall
61 Holland Street East
Circa 1860

The Bradford Town Hall is recommended for designation under Part IV of the Ontario Heritage Act as a property of cultural heritage value or interest, as described in the following Statement of Significance.

Description of the property

This circa 1860 building is located on the South Half of Lot 16, Concession 7, Bradford West Gwillimbury at 61 Holland Street East, on a property presently owned by The Corporation of the Town of Bradford West Gwillimbury. A commemorative clock tower and obelisk are situated to the south of the building but they are not the subject of this designation by-law. The interior of the building is excluded from this designation by-law.

Statement of cultural heritage value (history)

The Bradford Town Hall's cultural heritage value lies in its strong association with the local community, as it has served a multitude of public roles including municipal administration offices, public school and community hall. The Town Hall was one of the few buildings in downtown Bradford that survived the fire of 1871, and for over 150 years has served generations of political decision-makers that have shaped the town's history.

Description of heritage attributes (architecture)

The two-storey building features the "classical revival" architectural style, with a symmetrical facade and simplified temple form. Building components include:

- enclosed, raised porch of eclectic design with a steeply pitched centre gable reminiscent of Gothic Revival set into a shed roof flanked by corbelled parapets at each side and plain cornice and frieze supported on brackets;
- windows are set into segmented arch openings ornamented with alternating voussoirs and 'ears' of dichromatic brick and stone or concrete lug sills;
- centre window above entrance is raised above the entrance gable and ties together the entrance projection and facade composition;

- masonry construction with brick cladding (sandblasted); random rubble stone foundation;
- windows and entrance doors are not original.

This building is being recommended for historic designation because of historical significance and architectural merit as described in the statement of cultural heritage value.

This statement is prepared by the BWG Planning & Development Services Department based upon information provided in the “Inventory of Historic Buildings in Bradford, Ontario”, written by Gillian Haley and Nancy Smith in June, 2000.
