SCHEDULE "A" TO BY-LAW NO. 88-047(HO-1)

DESCRIPTION OF "KILDEER FARM" HOUSE

ALL AND SINGULAR THAT certain parcel or tract of land and premises situate, lying and being in the Town of Georgina in the Regional Municipality of York, and being composed of Part of Lot 16, Concession 6 (NG) identified as roll number 118.395 according to the Assessment Rolls.

SCHEDULE "B" TO BY-LAW NO. 88-047 (HO-1)

REASONS FOR DESIGNATION OF THE "KILDEER FARM" HOUSE:

HISTORICAL:

The house is believed to have been built in 1858 by an Irish immigrant William Henry. Mr. Henry was very active in local politics and served for several years on the North Gwillimbury Municipal Council, being elected Reeve on a number of occasions. The "Kildeer Farm" was sold in 1865 to Ellis Sheppard who also was very active in local politics. The Sheppards owned the farm until the 1940's when it was bought by David Davidson who later became the Reeve of North Gwillimbury.

ARCHITECTURAL:

This small georgian style house is a two storey structure of vertical plank construction, which is unusual construction for a two storey building. The planks run 19' upright from the 12" by 12" squared log sill at the bottom to the 7" by 9" squared log plate at the top, without the benefit of framing. The planks are mortised into the bottom sill and top plate and then covered with clapboard. There are two 6" by 8" beams running from the front to the back on either side of the centre hall which are mortised into the planks at either end. The upper floor joists 3" by 8" are set into these beams and then mortised into the planks at the side of the house, being wedged to keep them firm. The planks are also pegged edge to edge with hand made 7 1/2" wooden pegs. Also, triangular pediments are located above the windows and doors.
