SCHEDULE "A"**Reasons for Designation (Statement of Significance): 8 Howard Street****William Muir House****Description**

The property at 8 Howard Street is worthy of designation under Part IV, Section 29 of the *Ontario Heritage Act* for its cultural heritage value, and meets the criteria for municipal designation prescribed by the Province of Ontario under the categories of design and contextual value. The 2½-storey house form building (1884) is located on the north side of Howard Street between Glen Road (east) and Red Rocket Lane (west).

Statement of Cultural Heritage Value

The William Muir House at 8 Howard Street contributes to the collection of surviving heritage buildings dating to the late 19th and early 20th centuries that characterizes the Howard Street neighbourhood as it originated and evolved as a desirable upscale residential enclave southeast of Sherbourne Street and Bloor Street East. Placed on the north side of Howard Street, west of Glen Road, the house is visually and historically linked to the neighbourhood surroundings, particularly the William Muir House (1884) adjoining it at 2 Glen Road (on the northwest corner of Howard Street), the complementary Glen Road Houses directly northeast at #6-16 Glen Road, and the low-scale residential and commercial buildings on the opposite side of Howard Street.

The design value of the William Muir House as a late 19th century house form building includes the application of bay windows beneath gable roofs that is indicative of the distinctive Toronto Bay-n-Gable style. The building is associated through its provenance, set back and design aesthetic with the adjoining William Muir House (1884) at 2 Glen Road, as well as the neighbouring semi-detached houses at 6-16 Glen Road. While altered, the integrity of the William Muir House at 8 Howard Street remains, including the scale, form and massing of the original facades.

Heritage Attributes

The heritage attributes of the property at 8 Howard Street are:

- The house form building with an entrance address on Howard Street.
- The scale, form and massing of the 2½-storey L-shaped plan.
- The cross-gable roof with a gabled dormer and a brick chimney.
- The red brick cladding, with brick, stone and wood trim (the brickwork has been painted).
- On the principal (south) façade, the bay window with wood detailing in the left (west) bay (the first-floor entrance has been altered, and the commercial storefronts and enclosed second-storey sun porch are additions).

- The fenestration with segmental-arched window openings.
- The placement of the building on the north side of Howard Street, at the west end of the house form building at 2 Glen Road.
