HERITAGE DESIGNATED PROPERTY – 10 KING STREET EAST, GANANOQUE, ONTARIO

Building/Property Name: Visitor Centre/Gananoque Library
Address: 10 King Street East
Legal Description: Lot A, Plan 86, East of the Gananoque River
Original Use: Commercial
Present Use: Public Building
Designation By-law: 2019-004
Registration: LE105751 (March 12, 2019)

Description of the Property:

The former Victoria Hotel, currently used as a public library, stands on the north bank of the Gananoque River adjacent to Confederation Park and near the Town centre. It is composed of a two-storey main block facing King Street East, and a single-storey rear wing that runs along the south side of Park Street.

Statement of Cultural Heritage Value or Interest:

Constructed in the 1840s, the two-storey brick main block has design or physical value as a relatively rare and representative example of a Classical Revival style hotel. Its balanced, 'temple' front features a central entrance flanked by large shopfront windows, symmetrical fenestration at the second level and gable, and low front gable roof with returned eaves. The design or physical value extends to the rear wing, which includes a cupola with bell cast roof.

The property has historical value and associative value not only as an early hotel in the community (originally the Albion Hotel, then Victoria Hotel) but also for its direct association with the Jones Shovel Company, a successful local company that operated in the building between 1906 and 1963. Combined, the architecture of the main block and wing defines and supports the historic commercial character of King Street East in downtown Gananoque, and serves the community as a public library.

Description of Heritage Attributes

Key attributes that express the design or physical value of 10 King Street East include its:

- Combined two-storey main block and storey-and-a-half rear wing;
- Low front gable roof on the main block with returned eaves;
- Second level balcony on the King Street East frontage of the main block that is supported by decorated metal pillars;
- Symmetrical fenestration and door openings on the King Street East front (east) of the main block;
- Symmetrical fenestration and central door on the north façade of the rear wing; and,
- Cupola with a bell cast roof on the rear wing roof.

Key attributes that express the property's contextual value include its:

- Location in the centre of the Town and siting with minimal setback on a main thoroughfare; and,
- Visual relationships with other 19th century historic properties including the Old Foundry (9-15 King Street East) and Town Hall (30 King Street East).
