SCHEDULE "A"

to By-Law Number 4-81

TOWN OF LINDSAY

the exterior portion of the building and the original deeded parcel of land upon which said building is located, being that property located in the Town of Lindsay and being the North-East part of the Market Reserve, formerly Queen's Square, and known as the Lindsay Town Hall, 130 Kent Street West.

SIGNIFICANCE:

Construction: Brick, Built 1864, West Wing addition - 1865

Architect: Kauffman

The Lindsay Town Hall is an important landmark, both historically and architecturally. This building has housed the administrative offices in the Town since it was built in 1864, and is part of the original public square which includes the Library and the Armoury. The first Town Council met in a frame building on the north-east corner of Kent Street and Victoria Avenue in 1857. They soon found a need for a larger premises and plans for a new Town Hall commenced in 1864. A Mr. Rodden was selected as the contractor but for some reason the contract was cancelled and then extended to Sutton and Company, and later to Drake and Foley. Thomas Bradburn built the addition the next year. For some years the upper floor was used as an Opera House and the Public Market was held on the ground floor at the eastern section of the building. The handsome Italianate design of the Town Hall adds a great deal to our public square and the main street itself. The central projecting fronticepiece topped with a gable, the round-headed windows and particularly the tripartite windows on the second floor of the main facade, give it a very distinguished character. Therefore, because of its historical and architectural significance the Council of the Corporation of the Town of Lindsay recommends that the exterior portion of the above mentioned premises and the original parcel of land with a frontage of 171 feet on Kent Street West upon which same is located be designated as a property having historical or architectural value or interest pursuant to the provisions of The Ontario Heritage Act.
