## Appendix "B" to By-law No. 2022-62

### **Description of Property**

Silva Terra or The Woodland House known municipally as 4175 Hixon Street is a 2-storey residential building located on the east side of Hixon Street, south of King Street in the community of Beamsville, Town of Lincoln, Regional Municipality of Niagara.

### **Historical Value**

4175 Hixon Street has historical value for its long association with the Davis and Woodland Families who were prominent in early 20 Century Beamsville.

The house is believed to have been built by David Davis, a well-known local contractor and house builder who also served as a magistrate, Justice of the Peace and an elective Reeve of the Village of Beamsville on six (6) occasions. The house is believed to have been built for his daughter, Mary A. Davis about 1898. Mary was a local schoolteacher and as such is believed to have been one of the earliest women to have a professional occupation in the village.

In 1908, the property was purchased by Martha Woodland, wife of William R. Woodland, and would remain the Woodland family ownership until the early 1970s. The Woodland family gave the home the name "Silva Terra" which is Latin for "forest land". Both Mr. and Mrs. Woodland were active in the Beamsville Community. Martha Woodland was appointed to serve on the library board in 1924. William Woodland was a manager with the E.L. Jennet Fruit Company and the Niagara Peninsula Growers Limited, a significant part of the main employer in the district, the propagation and export of tender fruit. At age 54, Mr. Woodland was one of the oldest Canadians to enlist as a soldier in the Canadian Army during the First World War. In 1911, Mr. Woodland like many Canadians of the period went west to find his fortune in Winnipeg to work as a manager in the Winnipeg Street Commission, then run by former Beamsville resident Walter F. Tallman, a prominent figure in Manitoba at the time.

### **Architectural Value**

The house located on the property has good architectural value and is a rare and notable example of a wood framed Queen Anne Revival Style Home, built at the end of the 19th Century. Although altered, the house retains its original form with prominent hexagonal turret and full width verandah.

### **Contextual Value**

Silva Terra has contextual value as a landmark of an intact Old Beamsville streetscape of 19th and early 20th century buildings, framed by mature maple trees.

### **Description of Heritage Attributes**

Heritage attributes include the following and applies to all elevations and the roof on the original circa 1898 home including all façades, entrances, window openings, and trim, together with structural construction materials of wood, limestone, their related building techniques, and landscape features:
