REASONS FOR DESIGNATION

Description of Property

The Georgetown Lawn Bowling Club is located at 29 Edith Street (LT 115, PL 27, AKA YOUNG AND BARBER'S SURVEY; HALTON HILLS) in the Town of Halton Hills.

The property at 29 Edith Street is a rectangular-shaped parcel located in the community of Georgetown in the Town of Halton Hills. The property contains a one-storey structure and small shed accessory structure in addition to large, grassed area which serves as the lawn bowling green.

Statement of Cultural Heritage Value or Interest

The property at 29 Edith Street has design and physical value as demonstrated by the original clubhouse (log cabin) and the storage shed (stable) being representative examples of vernacular log structures commonly found in southern Ontario in the first half of the 19th century. They maintain proportions commonly used by pioneers and are notched in the Swedish key system.

The property at 29 Edith Street has historical and associative value due to its original connections to the McKane family of Chingacousy Township through the relocation of the log cabin and stable. The property also has significant value for its continued use as a recreational lawn bowling clubhouse facility since 1917, with minimal intrusions and alterations to both the log cabin and stable since their relocation in the early twentieth century.

The property at 29 Edith Street has contextual value as the Georgetown Lawn Bowling clubhouse has been a landmark on Edith Street since 1917. The humble stature of the clubhouse and green space support the character of the neighbourhood in terms of housing scale and lot proportions. The clubhouse is historically linked to the adjoining bowling greens and its set-back from the street enhances its contribution to the area character.

Attributes that contribute to the design/physical value and historical/associative value of the property at 29 Edith Street:

- The scale, form, and massing of the mid-nineteenth century log cabin and stable with 1970s connection and gable roof;
- Materials, including original logs notched by hand tools;
- Original barn board exterior door on the storage shed; and,
- The lawn bowling green to the southwest of the Clubhouse.

Attributes that contribute to the contextual value of the property at 29 Edith Street:

- The setback, placement, and orientation of the Georgetown Lawn Bowling Clubhouse along Edith Street;
- The scale, form, and massing of the mid-nineteenth century log cabin and stable with 1970s connection and gable roof; and,
- The lawn bowling green to the southwest of the Clubhouse.
