Cc: Heritage Cramahe  
Anglican Church of Canada, Toronto Diocese

## **NOTICE OF INTENTION TO DESIGNATE 76 KING STREET, COLBORNE, ONTARIO**

### **TRINITY ANGLICAN CHURCH COLBORNE**

Take Notice that Cramahe Township Council, on Tuesday, June 5, 2012 resolved to issue a Notice of Intention to Designate, Reid Plan Lot 220, municipally known as 76 King Street under Section 29 of the Ontario Heritage Act, R.S.O. 1990, c. 18, as a property of cultural heritage value and interest.

The property known as Trinity Anglican Church, Colborne meets numerous criteria required for designation under Part IV of the Ontario Heritage Act. The site is culturally significant because of design and physical value, and historical and associative value.

Trinity Anglican Church exhibits a design value as an early vernacular example of North American Gothic Revival architecture with its pitched roof and massing central tower. Placed on the south side of the King's Highway number 2, the road that originally connected the settlements of Kingston and York, the white clapboard church has served as a landmark for both travellers and locals for over one hundred and sixty-five years.

Over the years, many of Colborne's most prominent citizens have been members of the congregation of this church and are now buried in the churchyard.

In the contextual sense, Trinity Anglican church has been fully connected to the history of the Village of Colborne and the Township of Cramahe since before the incorporation of the village, into the Confederation era of the 1860s, and through the Boer War and two World Wars. In a physical and a visual sense, the church has contributed significantly to the streetscape of Colborne and the larger landscape along Highway 2 for over 165 years.

Any objection to this designation must be filed no later than July 23, 2012

Objections and/or requests for further information should be directed to:
