REASONS FOR DESIGNATION

Description of Property

The subject property is located at 39 Willow Street North along the east side of Willow Street North in the community of Acton in the Town of Halton Hills. The property contains a single-detached, two-storey brick residential building with a combination hip and gable roof. The property is legally described as “LT 73, PL 227, ALSO SHOWN ON PL 1098; HALTON HILLS”.

Statement of Cultural Heritage Value or Interest

The property at 39 Willow Street North has physical and design value as a representative example of a late nineteenth-century Queen Anne Revival residential building. The former manse’s asymmetrical façade, steeply-pitched and irregular roofline, front-facing gable, overhanging eaves, two-storey projecting bay with detailed wooden bargeboard, detailed textures within the brickwork on the exterior, and the large, wrap-around wooden porch with significant wooden columns and classical pediment contribute to its representation as a unique interpretation of the style within the community of Acton.

The property at 39 Willow Street North has historical and associative value due to its over 100 years of use as a manse for the Presbyterian Church in Acton. Reflecting the growth of the early Presbyterian congregation in Acton, the church constructed its second manse at the subject property under the minister at the time, Reverend J.W. Rae. Over the years, the property was a frequent site for social activities, parties, church events, and local marriages. The existing building served as a manse for almost 100 years for the Presbyterian church until it was sold in the late 1980s.

The property at 39 Willow Street North has significant contextual value as late nineteenth-century Queen Anne Revival residential building at the corner of Bower Street and Willow Street North in the community of Acton. Together with the neighbouring properties along Bower Street, the existing building helps to define and maintain the late-nineteenth century and early-twentieth century development of this residential neighbourhood on the periphery of Acton’s historic downtown. The property and existing residence are physically, functionally, visually, and historically linked to its surroundings in the community and has maintained its significant presence along the streetscape as captured in historical photography. The property is similar in scale and materials to the neighbouring properties and has not been identified as a landmark in the area.
