STATEMENT OF CULTURAL HERITAGE VALUE OR INTEREST

Description of Property

The property at 115 Third Line is located on the east side of Third Line, between Venetia Drive and Lakeshore Road West. The property contains a circa 1909 two-and-a-half-storey brick house known as the Heeks Family Farmhouse.

Statement of Cultural Heritage Value or Interest

*Design and Physical Value*

The Heeks Family Farmhouse has design and physical value as a representative example of a vernacular home with Edwardian style influences. The home was built in 1909 and was likely designed by the farmer who had it built. Constructed during the Edwardian era, it has characteristics influenced by the Edwardian style, such as its: simple but formal composition and balanced facade; large, square and tall form; red brick cladding with minimal decoration; front porch that runs the width of the house, including brick piers and wood columns and railings; simple first-storey square bays; and unadorned deep wooden roof eaves. The house is unique because it was made specifically to suit the family for whom it was built, and there is no other house like it in Oakville.

*Historical and Associative Value*

The Heeks Family Farmhouse has cultural heritage value for its direct associations with the Heeks family, specifically with Alfred Heeks, a local farmer who built and lived in the house with his family. Heeks immigrated to Canada in 1885 and worked on John Wilson's neighbouring farm, Gilbrae, for 16 years. He purchased land from Wilson and built the subject house there in 1909. At the same time, he started a fruit farming business, which was later taken over by his sons, William and Walter. Walter maintained the orchard and farm until 1960 and continued to live in the subject house until 1988. The house remains as a physical reminder of the Heeks family and this farming heritage.

*Contextual Value*

The Heeks Family Farmhouse has cultural heritage value because it is physically and historically linked to its surroundings. The house is one of a few remaining historic farmhouse structures in the area. It was built by a local fruit grower and farmer in an area that used to be filled with large fruit farms and orchards. The house stands in its original location and is directly linked to farming families from the area and stands as a reminder of the agricultural history of Oakville and Bronte communities.

### Description of Heritage Attributes

Key attributes of the property at 115 Third Line that exemplify its cultural heritage value as a vernacular house with Edwardian style influences, as they relate to the original two-and-a-half-storey house, include:

- The simple and large massing and form of the two-and-a-half-storey side gable-roofed building;
- Deep wooden eaves with wooden cornice returns;
- Third storey dormers;
- The red brick cladding in running bond pattern, including brick plinth along the foundation and brick voussoirs over windows and doors;
- Central red brick chimney;
- Fenestration of the windows and doors, particularly the symmetrical front façade;
- Front porch that runs the width of the house with the upper balcony above it, including the brick piers and the presence of wood columns, railings and skirting;
- The presence of one-over-one windows in the Edwardian style; and
- Concrete window and door sills.
