STATEMENT OF CULTURAL HERITAGE VALUE OR INTEREST

Description of Property

The property at 322 Watson Avenue is located on the west side of Watson Avenue, between Macdonald Road and Galt Avenue in the Brantwood neighbourhood. The property contains a circa 1913 dry-laid lakestone wall originally associated with the Guess House at 329 Douglas Avenue.

Statement of Cultural Heritage Value or Interest

Design and Physical Value

The Guess House Stone Wall has design and physical value as a representative example of an Arts and Crafts era landscape wall. The goal of the residential Arts and Crafts movement was to portray the house as a place of serenity, with a focus on the home as part of the natural environment. There was a strong emphasis on artisanal and hand-crafted objects and structures and natural materials such as brick, stone, stucco and wood. The stone wall is constructed of natural lakestone sourced from the bed of Lake Ontario nearby. The wall was less a functional structure and more a decorative one, grounding the house on the site and adding a natural, organic aesthetic that was typical of the Arts and Crafts era. It also spoke to the owner's wealth and status by highlighting the expansive size of the property at the time. The craftsmanship can be seen in the originally dry-laid structure topped by vertical pieces of lakestone and its stone columns topped by large fieldstones.

Historical and Associative Value

The Guess House Stone Wall has cultural heritage value for its associations with the theme of development of the local residential area known as 'Brantwood'. Developed in the early 1900s, this subdivision was designed with large lots and was sold to city dwellers as a secluded, beautiful and modern neighbourhood in which to construct their own cottage or stately home. The stone wall was built as part of the Guess House, a large estate home constructed circa 1910 in the Tudor Revival and Craftsman styles, typical architectural styles of the Arts and Crafts period. The wall still stands on four separate properties that make up the original estate property.

Contextual Value

The Guess House Stone Wall is physically, functionally, visually, and historically linked to its surroundings. It is also important in defining, supporting and maintaining the historic residential character of Brantwood. The stone wall was built for one of the oldest houses on the street and is representative of the Arts & Crafts era. It was

designed, along with its original house, to recall the English countryside and tie the house to the land through this hand-made natural landscape feature. It remains a rare remnant structure from the early 20th century and is a distinguishing feature of the streetscape. Running along four separate properties, the wall provides a physical and visual reminder of the large historic estates that were originally constructed within Brantwood. Despite multiple severances and the construction of new homes over many decades, the stone wall remains as a defining feature of the neighbourhood.

Description of Heritage Attributes

Key heritage attributes of the property at 322 Watson Avenue that exemplify its cultural heritage value as an early 20th century Arts and Crafts era landscape wall, include the following:

- The low lakestone wall topped by vertical pieces of lakestone; and
- The lakestone columns topped by large fieldstones.
