182 Main Street is a representative example of the Italianate architectural style. The two-storey brick building follows a rectangular plan with a truncated hip roof with wide overhanging eaves, decorative cornice with moulded frieze board and rhythmically placed ornamental paired wood brackets which are key features associated with Italianate architecture. 182 Main Street is directly associated with the historic Village of Erin. 182 Main Street is located within the historic Village of Erin. The development of the historic core in the 19th and early 20th century played a significant role in the social and economic development of the Village of Erin. The lot lines, layout, and built form of the historic core is consistent with typical 19th century rural communities found throughout Ontario.

182 Main Street is important in supporting and maintaining the late 19th and early 20th century character of the historic Village of Erin. The residential portions, extending from the commercial core and into several side streets, were developed at the same time as the commercial core and supports the legibility and character of the historic village core. Located on or just off Main Street, the residential buildings are comprised of predominantly one to two-and-a-half storey residences, primarily brick construction, with modest setbacks. 182 Main Street exhibits setback, massing, style, decorative details consistent with the character of the historic Village of Erin.
