### **STATEMENT OF SIGNIFICANCE**

#### **451 NIAGARA BOULEVARD**

##### **Description of the Property**

The property is municipally known as 451 Niagara Boulevard, and is legally described as PT LT 31 W/S NIAGARA ST PL 525 VILLAGE OF BRIDGEBURG AS IN RO721892; FORT ERIE

451 Niagara Boulevard is located along the northeast edge of Old Fort Erie in proximity to the Niagara River. It consists of a two-and-a-half storey frame Queen Anne residence, with a large complex roof with prominent pedimented dormers, constructed between 1886- 1891.

##### **Statement of Cultural Heritage Value or Interest**

451 Niagara Boulevard is a representative example of a residence built in the architectural style of Queen Anne. The grand two-and-a-half storey building follows an irregular plan. The complex roof with brackets has pedimented gables on the façade and south elevation, triangular gables – one with a rectangular and one with a half circle window opening and a tall chimney, all of which are hallmarks of the Queen Anne style. The open porch and balcony create the decadent and asymmetrical composition associated with Queen Anne design. The façade pedimented gable is decorated with fish-scale shingles and fine woodwork decoration, the open front porch and balcony are adorned with classical detailing including turned spindles and wood posts, brackets and beads along roofline and scroll work, gingerbread, all of which are representative features of the Queen Anne style. The wood decoration continues in the fascia board that is symbolically supported by small carved wood brackets, and the flared walls. Additionally, the subject building includes variably sized and placed rectangular window openings with wood surrounds, some of the windows include stained glass and Queen Anne style windows.

451 Niagara Boulevard has contextual value as it is important in supporting and maintaining the late 19th/early 20th century character of this section of Niagara Boulevard. Niagara Boulevard is depicted on early maps; however, the majority of residential development along this portion took place between 1876 and 1907. The street is comprised of predominantly one to three-storey buildings dating from the late 19th century and early 20th century. The buildings have modest setbacks and landscaped surroundings. Many buildings share features including side or cross gable roofs, formal appearance with classical detailing and there the dominant style is Queen Anne. 451 Niagara Boulevard supports its surroundings with its construction and classical ornamentation. The subject property exhibits setbacks and massing consistent

with the predominantly Queen Anne featured streetscape, contributing to the heritage fabric and supporting the character of the area.
