SCHEDULE "A" TO BY-LAW NO. 90-45

REASONS FOR DESIGNATION

The subject property is considered to be of architectural and historic interest to the area. The following are the reasons for the designation of the structure:

The subject property originally owned by James Leslie and subsequently by Joseph Tweedle contains a structure which was probably built by Richard Hurst shortly after 1872. This "Shoddy Mill" was added to over the years by Samuel Beaumont. The structure is comprised of a three-storey mill building and a storey and a half building fronting Main Street which straddles the original millrace.

Both buildings are of coursed rubble limestone. The three storey structure has a four-sided mansard roof with 20 dormers with projected eaves.

The three storey portion is the oldest remaining mill constructed within the Village of Glen Williams. It has been in continuous use as a knitting mill from the 1870's to 1982 and as such, it was a place of employment for 40 to 75 Glen Williams residents since the Village was established. The structure stands as an industrial landmark to the north approach of Glen Williams.
