## **SCHEDULE “B” to By-law 2014-0030 REASONS FOR DESIGNATION**

### **Description**

The Forbes House at 401 Draper Street, Norval, is an excellent example of an early village home that reflects a vernacular interpretation of Georgian-style architecture. It is a three bay, two storey frame structure with a side gable roof and a small gabled front porch. The horizontal lap siding may cover original log construction.

While many original features remain, the interior may have been renovated in the 1920s or 30s as evidenced by the unusual placement of the stairs and a square newel post. The claw foot tub, kitchen sink and bead board wainscot also reflect that era.

### **Statement of Cultural Heritage Value**

This building is of cultural heritage value as an excellent example of a simple village home in the early to mid-19<sup>th</sup> century. As one of the oldest structures in the Hamlet of Norval it contributes to the historical streetscape of the village and is important in maintaining the historical context of other landmark properties on Draper Street. As the former British Hotel, it points to the importance of Norval as a stopover for the 19<sup>th</sup> Century traveller using the Toronto-Guelph Road.
