### SCHEDULE 'A'

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Toronto, in the Municipality of Metropolitan Toronto and Province of Ontario, being composed of Lots 10, 11, 12, 13, 14, 15 and 16 on the south side of King Street, now King Street East according to the Plan of the Market Block registered in the Land Registry Office for the Registry Division of Toronto (No. 63).

### SCHEDULE 'B'

Reasons for designation of the Property at Nos. 107, 109 and 111 King Street East

The row of shops at 107 to 111 King Street East is designated on architectural and historic grounds. The entire block of three-storey commercial-residential buildings from Church to Market Streets, built about 1842, was originally designed in similar Georgian style and may be attributed to architect William Thomas. Numbers 107 and 111 still have three finely-proportioned original window openings with plain store lintels and sills in each of the upper floors. The fenestration and brickwork of Number 109 were altered at a later date. In early Toronto, this group, together with the original buildings that were located on land now vacant, formed an integral part of the facade of the south side of this important block of King Street.
