CHAPTER 0.18, AS AMENDED
AND**

**IN THE MATTER OF LANDS AND PREMISES AT THE
FOLLOWING LOCATION IN THE TOWN OF FORT ERIE**

NOTICE OF INTENTION TO DESIGNATE

TAKE NOTICE that the Municipal Council of the Corporation of the Town of Fort Erie intends to designate the property, including lands and buildings, described Part Lot 2, Concession 10, Niagara River in the former Township of Bertie, now in the Town of Fort Erie, in the Regional Municipality of Niagara, designated as Parts 4 and 5 on Reference Plan 59R-2678, located on the east side of Ridge Road, as property of architectural and historical value or interest under Part IV of the Ontario Heritage Act, R.S.O. 1990, Chapter 0.18, as amended. This house and property located at **1340 Ridge Road** is associated with the Fenian Raid. It is known historically as "The Red Brick House".

REASONS FOR DESIGNATION

1340 Ridge Road at Bertie Road is the site where the Fenians, led by Colonel John O'Neill, made a stand against the poorly equipped local Militia units in 1886. The first shots of this brief invasion force into Canada were fired here.

The two-storey house on the site, built in 1840, is of cottage style covered in red clay brick. Chimneys at each end vent fireplaces that no longer exist. The house has four pane double hung windows on the main floor and six pane double hung windows at each end of the gable of the second floor. An eight-panel wooden door still graces the front entrance. The interior of the house has been extensively renovated over the years but still has some of the original floor planking.

FENIAN RAID

This house and property were taken over by Colonel John O'Neill and his men who made up the preliminary landing force in 1866. The site was chosen due to its high elevation overlooking the surrounding area making it an easily defendable location. The brick on the house still bears scars from shots fired. To the rear of the house is a restored field stone barn which is believed to have been used as a field hospital for the wounded during the brief skirmish that took place in the area.

If the U.S. government of the time had allowed the Fenian reinforcements to leave American soil land in Fort Erie and join up with the Fenian troops already at this site to carry out their entire plan, Canadian history may well have been a lot different. The building and property are of great historical value not only to Fort Erie but also to Canada.
