Reasons for Designation

Historical Significance

Mr. John Cowper, a furniture maker who emigrated from Bristol, England to Dundas, in 1845, built 16 Sydenham Street in the 1860's. John Cowper opened a furniture and undertaking business in a store at the southeast corner of King Street and Memorial Square now occupied by the Royal Bank Building. Willoughby Cowper (John's son) had the first telephone in Dundas installed at his place of business. Over the next 100 years, the Cowper family would prosper in Dundas, involved in furniture and undertaking, coal and wood, telegraph and express services and finally in the hardware business which operated in Dundas until the late 1960's. In the 1920's, 16 Sydenham Street was the home of Dr. A. C. Caldwell who served as Mayor of Dundas from 1924 – 1927 and from 1931 – 1935.

Architectural Significance

16 Sydenham Street is a fine example of Gothic Revival architecture which was popular in Ontario from the 1840's to the 1870's. It is a one and a half storey rough cast stucco dwelling built on a stone rubble foundation. Among its many Gothic features is the decorative bargeboard which trims all the gable ends and eaves. Decorative wooden finials extend from the apex of each gable. The original front entrance is now concealed behind a later addition to the front of the house, but the back basement and kitchen doorways remain intact. The windows of the dwelling are double hung with wooden trim and distinctive decorative sills. In gothic style, the upper storey windows feature triangular peaked transoms. A triple bay window with segmental surrounds protrudes from the back (north) wall.

The wood framed structure at the western end of the house, adjacent to the kitchen, may have been built as the original "one room" dwelling. The house, which is the subject of this designation, was later added in stages to this wood framed structure.

To be noted on the north side of the dwelling is the remnant of the original stone wall.

Features to be Designated

The following features of 16 Sydenham Street are subject to this designation: the exterior front (south) elevation, side (east) elevation and back (north) elevation of the dwelling; all gothic windows and wooden frames on the upper and lower storeys; the back kitchen and basement doorways; the entire gabled roofline including decorative trim and finials.
