SCHEDULE "B" TO BY-LAW 1983-91

The residence at 861 - 5th Avenue East is a small brick dwelling in the upper Canada Regency Style. The low profile of the house is created by building the second floor into the hip roof. Two large chimneys, one on either side of the house, give a strong feeling of symmetry. The main features of the house are the prominent dormers, which help to reinforce the symmetry, and the polychromatic brick treatment of the arched radiating voussoirs surrounding the head of the windows and the quoins at the corners of the building. On the front verandah, the original turned wood posts, have been replaced with brick pillars and walls. The house was originally built for F.V. D'Orr Le Pan, an early merchant, sometime after he took possession of the land in 1864. The house is known to have existed at the time of his death in 1894.
