Sparks, P.L.S., dated May 30th, 1877, and registered in the Registry Office of the City of Ottawa.

SCHEDULE "B"

"The brick, two and one-half storey residence at 326-328 Somerset Street West is recommended for designation as being of architectural and historical interest. Erected in 1893-94 as part of the residential development of Centre-town, this building was constructed in the exuberant yet bulky Queen Anne style typical of the era. An off-centre turret, and verandah are outstanding features added to the basic gable end to the street, rectangular form. Considerable surface decoration is incorporated into the design. The building was probably erected by James Corry, one of the most prolific of Ottawa's builders during the 1890's."
