REASONS FOR DESIGNATION

DESIGNATION REPORT

THE LYNDE HOUSE

300 TAUNTON ROAD WEST

HISTORICAL

The Lynde House was built in 1812-1814 by Jabez Lynde, one of Whitby's earliest settlers. It was considered the finest house between Toronto and Kingston. Mr. Lynde was a pathmaster for Whitby, in charge of roads, in 1806 and 1807, and he was a constable in 1822. Other noted owners of the house were Lawrence and Barbara Heyden who owned large tracts of land in Whitby, including the frontage on the lakeshore now called Heydenshore Park.

ARCHITECTURAL

1. The Lynde House is a well-preserved and intact example of the late Georgian or Loyalist style.
2. It is an exceptional and rare example of the earliest period of residential construction in the Province.
3. It is the only known remaining balloon-frame structure in the area.
4. The main front facade porch, doorway and second storey central window are outstanding examples of simple elegance, harmony and proportion, and symmetry.
5. The level newel and caged staircase, window and door casings, doors throughout the house, baseboards, fireplace mouldings depict exceptional craftsmanship in fabrication.
6. The vaulted hearths, seldom found in the Province, emphasize the level of detail exercised in the construction of this project.
