**SCHEDULE B**

**BY-LAW NO. \_\_\_\_\_**

This one storey log school structure was erected from the sturdy cedar logs from a bush in the immediate locality in the south-end of lot 10, concession 9, Amabel Township, Bruce County.

In 1967 the Bruce County School Teachers' recognized the value and historical significance of this log structure. As a centennial project the building was physically disassembled and transported to the Museum site in Southampton where it was carefully erected and restored to its former position.

The structure is an excellent example of an early education edifice in rural Ontario mid 1800's and is worthy of designation.

The architecturally unpretentious building with 1) hand hewn cedar logs, 2) dove tailed joints, 3) a small lean-to enclosed porch at the front elevation, 4) a window to window reading podium in the interior, 5) wide plank flooring, 6) six over six windows, 7) and board and batten gable ends.
