SCHEDULE A

STATEMENT OF SIGNIFICANCE REASONS FOR DESIGNATION 11 HUBBARD BOULEVARD

The property at 11 Hubbard Boulevard contains the east half of the Hubbard Fourplex at 9-11 Hubbard Boulevard.

Description

The properties at 9-11 Hubbard Boulevard are worthy of designation under Part IV, Section 29 of the Ontario Heritage Act for their cultural heritage value, and meet the criteria for municipal designation prescribed by the Province of Ontario under all three categories of design, associative and contextual values. Located on the south side of Hubbard Boulevard, east of Wineva Avenue, Hubbard Fourplex (1928) is a two-storey residential building containing four units that was listed on the City of Toronto Inventory of Heritage Properties in 2010.

Statement of Cultural Heritage Value

The properties at 9-11 Hubbard Boulevard have cultural heritage value as representative examples of a residential building type that is unique to the Beaches neighbourhood in Toronto. With the deep two-storey verandah that gives it the appearance of a waterfront cottage, and the combination of brickwork, roof style and classical detailing that distinguishes the building individually, the Hubbard Fourplex stands as part of an important collection of Beaches housing.

The Hubbard Fourplex has value for its contribution to the understanding of the development of the Beaches community. It is one of five fourplexes at Hubbard Boulevard and Wineva Avenue that, along with the adjoining detached house and apartment building at 11 and 13 Hubbard, was constructed as a group on waterfront property acquired after the grounds of the former Scarborough Beach Park were subdivided for permanent housing. The transition of the Hubbard and Wineva lands from seasonal activity to year-round occupancy mirrored the evolution of the Beaches from a recreational destination to one of Toronto's most distinctive neighbourhoods.

As part of the group of Hubbard and Wineva Fourplexes, the properties at 9-11 Hubbard Boulevard have cultural heritage value as they support and maintain the character of the area where residential buildings with cottage-like appearances are typical of the Beaches neighbourhood. The placement of the Hubbard Fourplex as part of a collection with direct access to the boardwalk and beach is characteristic of this community that is defined by and named for its proximity to Toronto's waterfront.

Contextually, the Hubbard Fourplex is also valued for its physical, visual and historical links to its surroundings on Toronto's eastern waterfront where, as part of the group of residences adjoining the intersection of Hubbard Boulevard and Wineva Avenue, it is strategically positioned to offer access and unobstructed views to and from Lake Ontario. The properties at 9-11 Hubbard Boulevard are unique as integral members of a distinct enclave containing the seven remaining buildings on the lakefront west of Silver Birch Avenue in the Beaches

neighbourhood, where the front yard of the Hubbard Fourplex has direct access to the boardwalk and beach.

Heritage Attributes

The heritage attributes of the properties at 9-11 Hubbard Boulevard are:

- The building historically known as the Hubbard Fourplex
- The placement of the building on the lakefront south of Hubbard Boulevard, where it faces south to overlook Lake Ontario and has direct access to the boardwalk and beach
- The scale, form and massing on the two-storey extended rectangular plan
- The materials, with red brick cladding and brick and wood detailing
- The sloped roof with tripartite brick parapets and a brick chimney
- The two-storey open verandah with brick piers and tapered wood columns
- The organization of the principal (south) façade, where the main entrances are located side-by-side in the centre of the lower storey
- The entries in both floors, which are placed in flat-headed surrounds with wood detailing
- The flat-headed window openings with brick flat arches and sills, with three-part openings on the south façade and single and double openings on the remaining elevations
