(a) Address of Property

159-161 Queen Street East - Town Hall
Antiques

Reasons for Designation:

This two-and-a-half-storey building is one of the best preserved limestone commercial buildings in St. Marys and is also one of the earliest. Built certainly before 1859 of coursed rubble, the second storey windows, which are squared with stone lintels originally had six panes in each sash. The dormers are flanked by classicizing, flattened pilasters.

This building is one of only a handful of limestone buildings in St. Marys that is still almost perfectly preserved and should definitely be protected by designation.

Dated at St. Marys this 13th day of Oct. 1981.
