Yours sincerely,

Michael De Rond
Town Clerk

Attach.

c. Carlson Tsang, Planner, Heritage Planning

The Corporation of the Town of Aurora

By-law Number 6335-21

Being a By-law to designate a property to be of cultural heritage value or interest (15242 Yonge Street "The Lloyd Building").

Whereas under subsection 29(1) of the *Ontario Heritage Act*, R.S.O. 1990, c. O.18, as amended, the council of a municipality may, by by-law, designate a property within the municipality to be of cultural heritage value or interest;

And whereas on June 12, 2018, the Council of The Corporation of the Town of Aurora (the "Town") approved the recommendations contained in Report No. HAC18-008, to designate the property municipally known as 15242 Yonge Street, as described on the attached Schedule "A" (the "Property") to be of cultural heritage value or interest;

And whereas the Town Clerk caused notice of the intention to designate the Property to be served on the owner of the Property and the Ontario Heritage Trust and published in a newspaper having general circulation in the municipality;

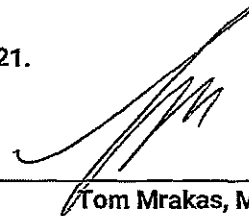

And whereas there were no objections to the proposed designation of the Property served on the Town, or a person who has served a notice of objection has withdrawn the objection;

And whereas the Council of the Town deems it necessary and expedient to enact a by-law to designate the Property to be of cultural heritage value or interest;

Now therefore the Council of The Corporation of the Town of Aurora hereby enacts as follows:

1. The Property, as described on the attached Schedule "A", be and is hereby designated to be of cultural heritage value or interest.
2. A statement explaining the cultural heritage value or interest of the Property and a description of the heritage attributes of the Property are set out on the attached Schedule "B".
3. The Town Clerk shall serve a copy of this by-law on the owner of the Property and the Ontario Heritage Trust and publish notice of this by-law in a newspaper having general circulation in the municipality.
4. The Town Solicitor shall register against the Property in the proper Land Registry Office, a copy of this by-law including an Affidavit of the Town Clerk respecting the giving of notice referenced herein to be attached to and forming part of this by-law.

Enacted by Town of Aurora Council this 30th day of March, 2021.

Tom Mrakas, Mayor

Michael de Rond, Town Clerk

Schedule "A"

Description of Property

All and singular those certain parcels or tracts of land and premises situate, lying and being in the Town of Aurora, in the Regional Municipality of York, municipally known as 15242 Yonge Street, and being composed of Part of Lot 16, W/S Yonge Street, Plan 9, Aurora, being all of PIN 03652-0042 (LT), including the primary building thereon.

Schedule "B"**Statement of Cultural Heritage Value or Interest**

The Lloyd Building, constructed in 1882, has cultural value as a late nineteenth century "commercial vernacular" building. It is a simple rectilinear two-storey brick structure with a flat low sloping roof. It is built tight to both the Yonge Street and Wellington Street east property lines. On Yonge Street, the building has decorative stepped brick parapets and an Italianate metal cornice. The metal cornice extends halfway along the Wellington Street façade. Except for the parapet the present-day building is coated in faux stucco; the window and storefront openings are original. The high window openings of Yonge Street are symmetrical while the openings on Wellington Street are asymmetrical. There is an Italianate oriel window on the Wellington Street façade.

It has historical value based on its association with the development of the early retail commercial main street of Aurora. Built as part of a longer block by a building syndicate, the subject property contributes to an understanding of how the main street of Aurora was built through cooperation amongst its early owners, and which visually tied the building to adjoined buildings in a similar design and style.

The Lloyd Building has contextual value as a contributing building to the historic main street streetscape of Aurora. It is a northern anchor of the historic downtown that developed south from the intersection of Yonge and Wellington Streets in the mid-19th century. It contributes to an understanding of the development of the historic downtown. Functionally, the Lloyd building continues its historical use, which is consistent in all the buildings on the main street, with storefront retail at the main level and access residential and or business uses above. Visually, the Lloyd building contributes to the unifying features of the historic streetscape that is marked by buildings that are predominantly low sloped roofed brick of two storeys in height with decorative masonry parapets, and metal cornices.

Description of Heritage Attributes

Important to the preservation of the property are the original key attributes that express its value, which include the following exterior elements:

- massing (the original building dated 1882, not including rear 1903 addition);
- masonry window openings;
- proportion of storefront to the remainder of the façade including the height of the storefront cornice.
- the return of the storefront onto Wellington Street;
- Wellington Street storefront entry including proportions of the storefront;
- decorative brick stepped parapet;
- metal cornice, dentils, and brackets; and
- oriel window; complete with metal bell cast roof, and ornamental wood trim.
