**Statement for Designation**

3303 Westdel Bourne is located on the west side of Westdel Bourne, North of Deadman's Road in London, Ontario. The property at 3303 Westdel Bourne includes a farmhouse, three barns, and a shed.

The farmhouse located at 3303 Westdel Bourne was built in 1877 in the Italianate style. The farmhouse is a two storey, buff brick, asymmetrical farmhouse, with a complex massing. The farmhouse has one projecting and one recessed bay and a one storey buff brick wing in the rear. The building is capped by a hipped roof that form a flat roof at its peak. Two single-stacked buff brick chimneys flank the north and west slopes of the roof. The two storey portion of the house has return eaves as well as tongue and groove soffits. Decorative paired brackets, that are a defining element of the Italianate style, are found around the entire house.

The building has an asymmetrical façade that is comprised of one recessed bay and one projecting bay. The projecting bay is highlighted by the decorative bargeboard on the front gable and an oculus window in the gable's centre. On the main floor, an entry door is located in the recessed bay. The door itself has been replaced, but the original opening has been retained. Two fixed windows in the central bay are now in the place of the original door, and the segmented arch transom with decorative etched glass. The etched glass shows a floral motif surrounding a bird.

Brick voussoirs with contrasting mortar appear above every original window and door opening. Many windows tall, narrow and in pairs with segmented arch openings. Although all the windows appear to have been replaced, the replacement windows are wood and maintain their openings. The original cast stone sills can be found below each window. The buff brick is laid in a common bond pattern and the foundation is field stone with coursing detail.

The ell shaped wrap-around verandah is covered by a hipped roof and supported by decorative chamfered posts. The chamfered posts are connected to a concrete base with pressed design and are topped with capitals connected to fluted brackets. Each fluted bracket connects to a pierced panels supported by a decorative bracket. Spandrels extend around the verandah with a centre decorative bracket attached below.

**Barn 1**

Barn 1 is the largest of the barns located on the property at 3303 Westdel Bourne. Barn 1 is in the Bank Barn style as the lower level housed animals and the upper level served as storage (Appendix C, see Barn 1). The foundation of the barn has been parged in concrete and has a number of openings for multi-pane windows. The barn is a timber frame with a gable roof covered in corrugated metal and vertical barn board siding. The beams in the barn are a mix of hand hewed and machine cut. The beams in the barn are a mix of hand hewed and machine cut with a typical diagonal post and beam brace connection. The beams are connected to the post with mortise-and-tenon joints. The beams on the first level are notched into the top of the foundation wall. A reinforced concrete silo is connected to the north façade of the barn.

A barn hill is connected to the east façade of Barn 1. The barn hill appears to have a root cellar that has been parged and altered, an open space in the middle – known as a "walk way", and field stones making up the rest of the barn hill.

**Barn 2 & 3**

Barn 2 and Barn 3 is just south west of the Barn 1. Similar to Barn 1 the barns are also a timber frame with a gable roof and vertical barn board siding. The beams in the barn

are a mix of hand hewed and machine cut with a typical diagonal post and beam brace connection. The beams are connected to the post with mortise-and-tenon joints. The only difference is that Barn 3 sits on top of concrete piers.

### **Shed**

The shed is a vernacular in form with timber framing and a corrugated metal roof. What is suspected to be a dog house is connected to the south façade.

### **Statement of Cultural Heritage Value or Interest**

The property at 3303 Westdel Bourne includes a farmhouse which is a representative example of a farmhouse in Italianate style within the former Delaware Township. The farmhouse displays many of the elements commonly found on building in the Italianate style, including the most defining element of the style, paired brackets. The farmhouse also has narrow segmented arched windows, paired windows, hipped roof, wide overhanging eaves, and a projecting bay with gable and oculus window. The decorative details of the wrap-around verandah details displays a high degree of craftsmanship when comparing two other Italianate style farmhouses in the former Delaware Township.

Barn 1 (the largest barn) located on the property at 3303 Westdel Bourne is a rare and representative example of the bank barn as it has a timber frame structure with mortise and tenon joints, a gable roof, concrete foundation, and has vertical “barn board” cladding. Barn 1 is rare because it retains its barn hill, which has both a root cellar and a walk way underneath the ball hill.

The farmhouse on the property located at 3303 Westdel Bourn displays a high degree of craftsmanship. Elements that display a high degree of craftsmanship include, the contrasting mortar in the brick voussoirs, the etched glass transom window, but particularly, elements of the verandah. The ell shaped wrap-around verandah is covered by a hipped roof and supported by decorative chamfered posts. The chamfered posts are connected to a concrete base with pressed design and are topped with capitals connected to fluted brackets. Each fluted bracket connects to a pierced panels supported by a decorative bracket. Spandrels extend around the verandah with a centre decorative bracket attached below.

The property located at 3303 Westdel Bourne is significantly associated with the Ireland family. The Ireland family is one of the earliest settlers to the Delaware Township area and the property was farmed by the family for 141 years. The Ireland's were active community members throughout the 141 years. George and Clementine Ireland were active members of the Kilworth United Church (2442 Oxford Street). Walter Ireland and his family were known for growing vegetables and apples, which they sold at the Covent Garden Market in London (Grainger 2006, 283). Also, Maggie Ireland and Marian Ireland were active member of the Women's Institute

The area of the former Delaware Township is evolving and developing with modern residential developments to the north and south of the subject property. The farmhouse and Barn 1 are important in defining and maintaining the historic agricultural character of the area that developed in the early to late nineteenth century. Retaining the farmhouse and Barn 1 provides a tangible link to the historic agricultural character of this area. The prominent design values of the farmhouse and Barn 1 allows it to define this character. The farmhouse and Barn 1 communicates the history of a family who immigrated to Delaware Township, farmed their property, and sold their produce at the Covent Garden Market in London. The property at 3303 Westdel Bourne is important in defining the character of the Delaware Township area.
