Civic Address: 1212 Woodbine Road
Legal Description: Part of Lot 3, Concession 3, Western Addition as in FR561465, former Township of Kingston, now City of Kingston, County of Frontenac
Property Roll Number: 101108020004500000

Introduction and Description of Property

The Horning House at 1212 Woodbine Road is located east of Collins Bay Road, on the north side of the road, in the former Township of Kingston, now part of the City of Kingston. The property contains a one-and-a-half storey limestone farmhouse constructed in the mid-19th century, prior to 1860 by the Horning family.

Statement of Cultural Heritage Value/Statement of Significance

Physical/Design Value

The Horning House has physical/design value as a good example of a mid-19th century Ontario vernacular limestone farmhouse. Characteristic of this style is the low-pitch side gable roof with its symmetrical front façade and central entranceway, flanked by window openings. The entranceway includes a decorative surround with sidelights, a transom, and tall limestone voussoirs. All window openings have tall limestone voussoirs and stone sills adding a decorative flare to this simple style of house. The rear wing has a central gable and entranceway. Typical of this era, the front façade is constructed from limestone laid in regular courses with quoining, while the east and west elevations are constructed from the same limestone but laid in uneven courses.

Contextual Value

The Horning House has contextual value as it contributes to and helps to maintain the historic formerly rural streetscape of this part of Woodbine Road, most of which is lost.

Cultural Heritage Attributes

Key exterior elements that contribute to the property's cultural heritage value include its:

- One-and-a-half storey limestone house with rear wing;
- Limestone construction laid in regular courses on the front façade and uneven courses on the north, east and west elevations;
- Symmetrical front façade and low-pitch side gable roof;

- Central entranceway with decorative surround including sidelights and transom;
- Tall window openings with tall limestone voussoirs and sills;
- Limestone quoining;
- Two bay east and west elevations; and
- Rear wing with a central gable and entrance door.

Non-cultural Heritage Attributes

Elements that do not contribute to the property's cultural heritage value include its:

- Wooden front porch;
- Shed dormer on southern end of gable roof;
- Modern attached institutional building;
- Existing pilon sign;
- Detached storage buildings;
- Children's play equipment;
- Existing fencing, flag pole and light standards; and
