### ENERGY & ENVIRONMENT TIPS

Getting an A+ for thinking green this school year is as easy as 1-2-3!

#### 1 Paper Patrol:

Shop for FSC certified paper, use both sides of every sheet, and make sure to recycle!

#### 2 Green Grub:

Pack smart lunches and snacks with reusable containers, a reusable water bottle, and little or no disposable wrapping. TIP: Buy in bulk instead of individually packaged—it's cheaper and cleaner!

#### 3 Travel Green:

Walk, bike or carpool as a great alternative to getting driven alone to school or extra curricular activities. When you are in a car, remember not to idle!

### Notice of Intention to Designate Pursuant to Section 29 of the Ontario Heritage Act, R.S.O. 1990, Chapter O.18

TAKE NOTICE that the Council for The Corporation of the Town of Caledon intends to designate the following property as being of cultural heritage value and interest under Section 29 of the Ontario Heritage Act, R.S.O. 1990, Chapter O.18:

**20643 Kennedy Road  
Part West Half Lot 27, Concession 2 EHS (Caledon)**

The dwelling at 20643 Kennedy Road was built for early settlers Edward Ellis and his wife Jane Brewster. Edward immigrated to Upper Canada in 1832, and moved to the subject property between 1837 and 1851. The subject brick dwelling was erected for the Ellis family in the 1860s to replace their original log cabin. The property was occupied and farmed by members of the Ellis family until 1916, when it was purchased by Charles and Louise Watson. The Watson family retained ownership until 1977.

Edward James Ellis, son of the original landowner, was active in local politics and in various community groups. The Watson family was also involved in their local community, notably through Florence Watson's connection with the Rosehill Women's Institute.

The Edward Ellis house is an example of classic Ontario Cottage architecture with balanced proportions, symmetrical lines, and decorative dichromatic brick patterning. The former farmhouse retains many of its early landscape features, and thus acts as a visual reminder of the early history and character of rural Caledon.

Further information regarding the heritage attributes and designation of this property is available in the Heritage Resource Office at the Town of Caledon Town Hall.

Any person may, within thirty days of the publication of this notice, send by registered mail or deliver to the Clerk notice of his or her objection to the proposed designation, together with a statement of the reasons for the objection and all relevant facts. If a notice of objection is received, the Council for The Corporation of the Town of Caledon will refer the matter to the Conservation Review Board for a hearing and report.

## Looking for the Arts

### Are you a Practicing Artist in Caledon?

The Town of Caledon recognizes that arts and culture are vital to the quality of life, economic sustainability and long-term creative foundation of our community.

The Caledon Arts Advisory Committee seeks to develop an up-to-date inventory of the individuals, groups, organizations, arts/culture associations and disciplines presently operating within the Town of Caledon. This inventory will become a valuable resource for consulting with and connecting the arts community to establish programs, services and/or facilities that will sustain the arts and artists of Caledon. Please take the time to complete the online questionnaire if you are a practicing artist or are the official representative of an artistic group or association.
