**Schedule "A"**  
to By-law 2023-07 of the City of Greater Sudbury

**Description and Statement of Cultural Heritage Value or Interest: Flour Mill Museum, 140 St. George Street**

Property Identification Number: 02131-0080

Municipal Address: 140 St. George Street, Sudbury

Legal Description: PIN 02131-0080(LT) being Lots 256 to 271 and 301 to 312, Plan 18S, and part of Kehoe Avenue, Plan 18S closed by By-law 56-57 as in S40604, Part of Lot 5, Concession 4, Township of McKim

**Description of Property**

The Flour Mill Museum is an early 20th century residential building located in O'Connor Park near the northwest corner of the parcel on part of Lot 5 Concession 4 in the Flour Mill neighbourhood in the City of Greater Sudbury. The two-storey wood frame building has a footprint of approximately 11.3 metres by 11.7 metres.

**Statement of Cultural Heritage Value or Interest**

The Flower Mill has cultural heritage value or interest for its physical/design values, its historical/associative values, and its contextual values.

The building has physical/design value as a representative example of an early workers' house associated with the flour mill for which the neighbourhood takes its name.

It has historical and associative value because it has direct associations with the Francophone community of Sudbury, the Franco-Ontarian community, and the theme of Franco-Ontarian culture. The Flour Mill Museum was constructed between 1902 and 1906 by Francois Valeur, a francophone and former employee of Evans Lumber Company, and was sold to the Manitoba and Ontario Flour Mill Company for the establishment of their mill in 1910. This building served as the residence of the flour mill's foreman when it was in operation between 1910 and 1920 and was originally part of a row of workers' houses on the Flour Mill complex. The neighbourhood surrounding the flour mill was established by the Francophone community and adopted the name of Moulin-à-Fleur or Flour Mill.

It has contextual value because it is historically linked to its surroundings. It is historically linked to its surroundings through its connection with the Flour Mill Silos on Notre Dame Avenue, which are visible in the distance from the front of the building.

**Heritage Attributes**

Heritage attributes (illustrated on Schedule "B") that illustrate the cultural heritage value or interest of the Flour Mill Museum building include:

- Its overall form, scale, and massing (O. Reg. 9/06 criteria 1i);
- Rectangular footprint (O. Reg. 9/06 criteria 1i);
