## **SCHEDULE A**

### **STATEMENT OF SIGNIFICANCE REASONS FOR DESIGNATION**

#### **193 and 195 COLLEGE STREET**

##### **Reasons for Designation**

The properties at 193 and 195 College Street are worthy of designation under Part IV, Section 29 of the Ontario Heritage Act for their cultural heritage value, and meet Ontario Regulation 9/06, the provincial criteria prescribed for municipal designation under the categories of design/physical and contextual value.

##### **Description**

Located on the south side of the street between Henry and Beverley streets, the properties at 193 and 195 College Street contain a pair of semi-detached house form buildings that were first constructed in c.1886-1887 and later converted for mixed residential and commercial uses.

The properties at 193 and 195 College Street were identified for their potential cultural heritage value in the College Street Study Official Plan Amendment adopted by the City of Toronto in 2017, and listed on the Heritage Register in 2018.

##### **Statement of Cultural Heritage Value**

The properties at 193 and 195 College Street have design value as a surviving example of a pair of late-19th century semi-detached house form buildings on College Street, west of McCaul Street, whose design is typical of the Bay-and-Gable style with their 2- 1/2-storey form and massing organized as a mirrored pair of two buildings, each with two vertically-oriented bays on the primary elevations. The Bay-and-Gable style draws from popular architectural styles of the Victorian era, including the Italianate and Gothic Revival, which are evident in the cross gables with surviving decorative wood detailing. 193-195 College Street are placed in the centre of a trio of semi-detached house form buildings that were constructed together.

Contextually, the properties at 193 and 195 College Street are valued for their role in defining, supporting and maintaining the historical character of College Street, west of McCaul Street, which originally developed as a residential neighbourhood. With their later conversion for mixed commercial and residential uses, the buildings reflect the ongoing evolution of the thoroughfare, which has been shaped in part by the close proximity to the University of Toronto.

The buildings at 193 and 195 College Street are historically, visually and physically linked to their setting in the block on the south side of the street where they are part of a series of complementary late-19th century house form buildings adjoining both sides of the intersection with Henry Street.
