Schedule "A"
Description and Criteria for Designation
Crowley House

Civic Address: 112 Ordnance Street
Legal Description: Part Lot 413 Original Survey Kingston City Part 1
13R16746; City of Kingston, County of Frontenac
Property Roll Number: 1011 030 070 11700

Introduction and Description of Property

The Crowley House, located at 110 and 112 Ordnance Street is located on the south side of Ordnance Street, between Montreal and Sydenham Streets, in the City of Kingston. Spanning two separate properties, the Crowley House consists of two-storey limestone double house. The house was constructed in 1886 for Mary and Charles Crowley. The property at 110 Ordnance Street was designated separately.

Statement of Cultural Heritage Value/Statement of Significance

The property has design value or physical value because it is a rare, unique, representative or early example of a style, type, expression, material or construction method.

The Crowley House is a representative example of a Georgian-influenced late 19th-century urban residence. Unlike its neighbours at 114-118 Ordnance Street, the Crowley House exhibits several unique architectural and decorative features. This limestone dwelling demonstrates the simple proportions and symmetrical fenestration pattern that define the Georgian architectural style. The original fenestration pattern remains with projecting bay windows flanking the entrance doorways on the first floor and four equally spaced windows on the second floor (two per property). Each bay has a large double window separated by a stone mullion and topped with a flat roof resting on decorative wooden brackets. The first storey has centrally placed twin doorways (one per property), each with a rounded stone arch enclosing a transom light. Openings on both the first and second floors are bordered by smooth stone sills and vousoirs.

The limestone is hammer-dressed and laid randomly (uncoursed), with decorative keystones over the main entrances and diamond shaped embellishments between the windows on the twin bays. The house was built by/for Irish emigrants Mary and Charles Crowley. Charles was a laborer and seaman as well as an active member of the Catholic Mutual Benevolent Association, whose insignia (a harp with shamrocks) appears to be represented in the decorative keystones over the twin entranceways. The limestone building may have been built by, or with the assistance of, former owner and stone mason, George Wilson, who sold the property to Mary Crowley in

1886 and who built, owned and lived in the limestone terrace at 114-118 Ordnance Street.

The property has contextual value because it is important in defining, maintaining or supporting the character of an area.

The property has contextual value because it is physically, functionally, visually or historically linked to its surroundings.

The Crowley House is significant in defining the character of the streetscape on Ordnance Street, between Sydenham and Montreal Streets. In the shadow of the former Clergy-lands, now Providence Manor, and terminating at the 1841 Wellington Terrace at Montreal Street, this block of Ordnance Street has a consistent and distinct character consisting of mostly two-storey 19th century limestone residences.

With its shallow setback, regular fenestration pattern, limestone construction, age and location on Ordnance Street, the Crowley House shares a visual and historical relationship with its surroundings, particularly the houses at 114-118 Ordnance Street and 124 Ordnance Street/251 Sydenham Street, as well as the stone buildings of Providence Manor. As part of this group of buildings, the Crowley House helps maintain the historic limestone character of this portion of Ordnance Street.
