Schedule 'A' to By-law 2024-103**STATEMENT OF SIGNIFICANCE AND REASONS FOR DESIGNATION
795 2ND AVENUE WEST (KENNEDY TERRACE)****Reasons for Designation**

The property 795 2nd Avenue West is worthy of designation under Part IV, Section 29 of the *Ontario Heritage Act* for its cultural heritage value, and meets Ontario Regulation 9/06, the provincial criteria prescribed for municipal designation, under the categories of design/physical, historical/associative, and contextual value.

Description

Kennedy Terrace is a two-storey residential building containing five (5) freehold street-fronting townhouse units located on the east side of 2nd Avenue West, on the southeast corner of the intersection of 2nd Avenue West and 8th Street West, in the City of Owen Sound. The property subject to the designation known as 795 2nd Avenue West, is the 2nd unit from the north end of the terrace.

Statement of Cultural Heritage Value or InterestDesign/Physical Value

Kennedy Terrace's design and physical value are representative of terraced housing built during the late 19th and early 20th centuries in Owen Sound. Terraced housing of the 1900s in Owen Sound generally consisted of three (3) to six (6) street-fronting townhouse units oriented close to the front of the property with large rear yards. The terraces were generally two-storey red brick buildings and were modest in design and form. Kennedy Terrace is a well-preserved representation of Victorian-era terraces in Owen Sound, as evidenced by its composition, design, and materials.

Historical/Associative Value

Kennedy Terrace's historical and associative value lies in its association with James Candlish Kennedy, who built the Terrace circa 1900. Mr. Kennedy was a prominent member of the community, serving as the Town Engineer, a member of the board of managers for Division Street United Church, the Board of Education, the Secretary-Treasurer of the Foresters' Lodge, and as a local contractor.

Contextual Value

Kennedy Terrace's contextual value lies in its being an example of the brick terraces built in proximity to the City's downtown core and industrial centre along the Sydenham River and harbour in the late 1800s and into the first half of the 1900s.
