Dear Sirs:

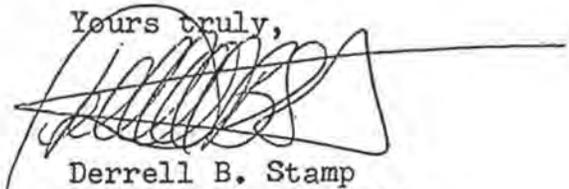

Re: C.N.R. Station  
Haliburton, Ontario

Enclosed you shall find a certified true copy of By-Law No. 79-9, being a By-Law to designate the C.N.R. Station of historical and architectural value or interest.

The total cost of restoring the above-referred to property is \$80,000. Would you please advise if The Ontario Heritage Foundation would consider a grant to the Municipality of \$8000. which would represent 10% of the total cost of restoration. If additional information is required please do not hesitate to contact us.

I look to your reply.

SCHEDULE "A"

ALL AND SINGULAR that certain parcel or tract of land, situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, being composed of Part of Lots 2, 8 and 9, Block "L", in the Town Plot of the village of Haliburton and being more particularly designated as Part 1 on a Plan of Survey by Bishop & Wilson, dated January 17, 1979, to be received and deposited in the Registry Office for the Registry Division of the Provisional County of Haliburton.

SCHEDULE "B"

Reasons for the designation of the C.N.R. Station:

The C.N.R. Station is recommended for designation for architectural and historical reasons. Constructed in 1878, this 100 year old structure stands as a monument to a bygone era when steam locomotives were the backbone of commerce and travel in Haliburton County. The station is also important as a well designed and well preserved wood frame structure of the late 19th century. The building will be resurrected to take its place in the local history of the past century.
