Schedule "A" to By-law 25-24

Description

The property is located near the intersection of Trafalgar Road and Station Street. The two-storey Italianate building was constructed for the Awrey family in 1894. The building is centrally placed on the property and located on the highest point of the lot.

Statement of Cultural Heritage Value or Interest

3 Station Street is a representative example of the Italianate architectural style. The two-storey, irregular plan brick building has a rhythmic and balanced façade, wide overhanging eaves with paired decorative wood brackets of various sizes, prominent bay window, paired segmental arched windows with decorative limestone hoodmould moulds and sills which are rock faced with margins and large quoins which are all key features of the Italianate architecture style. The prominent front and side gable pediments finished with rounded shingles, the one storey open porch supported by wooden posts and gingerbread trim, and its central placement on the highest point of the large property surrounded by landscaping and mature trees contribute to its grandeur and prominence as an Italianate style building.

3 Station Street is associated with Isaiah Awrey and his daughter Olive Awrey. The Awrey family was one of the earliest families to settle in Erin Township when patriarch John Awrey bought approximately 500 acres in 1824. Many of John's descendants settled in the Hillsburgh area, including not only his sons John C. and Isaiah Awrey, but also several other family members.

3 Station Street was constructed in 1894 as a residence for Isaiah Awrey. Isaiah Awrey was a well-known and prominent community member who played an important role in the commercial development of Hillsburgh. Along with his brother John Awrey, Isaiah was involved in numerous commercial ventures in the village, such as operating a mill and cider press on the old Gooderham & Worts property and a creamery.

As prosperous farmers and businessmen within the village, the Awrey brothers built multiple large brick residences on Station Street using clay from their own farms to build the brick. The Awrey brothers played an important role in ecumenical and civic matters within the village. For example, they donated land at the north end of the millpond, near George Street, as a park which included a pavilion, band stand, and a dock for recreational boating. The park was eventually sold to the Caledon Mountain Trout Club for use as a fishing pond.

Isaiah Awrey was involved in establishment of the Hillsburgh Christian Church (located at 72 Trafalgar Road); where he hosted events to help pay for the construction of the church building. In addition, Isaiah Awrey was involved in the construction of the Disciple Church at 72 Trafalgar Road and hosted a supper to help defray construction costs. The Awrey brothers were also integral to the founding of the Caledon Mountain Trout Club, which used the mill pond as a sport fishing location.

3 Station Street is also associated with Olive Awrey. Olive owned the property from 1933 until her death in 1982. Olive worked as a teacher in local schools such as Coningsby and Hillsburgh, and after her retirement she served as Hillsburgh's librarian in the 1970s.

3 Station Street is important in supporting the 19th century and early 20th century character of the historic village of Hillsburgh. Several residential side streets were developed at the same time as the core Historic Village of Hillsburgh and supports the legibility and character of the historic village. Located off or parallel to the main street (Trafalgar Road), the buildings are comprised of predominantly one to two-and-a-half storey residences, primarily brick construction, with modest setbacks. 3 Station Street exhibits setback, massing, style, decorative details consistent with the historic village character.
