Ontario Heritage Trust

Please be advised that the Town of Caledon has approved your application for a Heritage Permit for the above-noted property to undertake construction as per your submitted drawings.

The scope of work includes:

- Rebuilding the chimney on the east façade of the house
- Replacing second storey windows with new accoya wood windows to match
- Reinstating door in previously enclosed second storey entrance

The heritage permit application was approved with the following condition:

- That the extant interior wrought iron window hardware of the second storey windows be salvaged and retained for reuse on the new windows, where possible, and replicated if reinstallation is unachievable.

A hard copy of the Heritage Permit will be provided and is to be placed on site in a publicly visible location. Upon completion of the above work, the applicant is required to arrange a site inspection with Heritage staff for review prior to closure of the permit.

Sincerely,
