Take notice that the Council of the Corporation of the City of Toronto, on the 5th day of February, 1979, decided to designate the lands and buildings, known municipally as Nos. 5, 7 and 9 Sultan Street, as a property of architectural value or interest under The Ontario Heritage Act, 1974, 1974 S.O. Chapter 122.

Short Statement of the Reasons for the Proposed Designation:

Nos. 5, 7 and 9 Sultan Street. These buildings are recommended for designation for architectural reasons. Built in 1888 by Charles R. Rundle, contractor, these two and one half storey brick semi-detached houses are well executed examples of late Victorian residential design. The Romanesque style of brick-arched recessed entrances that is repeated in the arched brick drip moulding over the ground floor windows and the Terra-cotta band courses and brick pilasters that flank the gable and hipped wall dormers are distinctive features.

Notice of objection to the designation may be served on the Clerk within thirty days of the 16th day of February, 1979 (File 1679).

DATED at Toronto this 16th day of February, 1979.
