TAKE NOTICE that the Council of The Corporation of the City of Woodstock intends to designate the property, including lands and buildings, at the following municipal address as a property of architectural and/or historical value or interest under Part IV of The Ontario Heritage Act, 1990, R.S.O., Chapter 0.18.

MUNICIPALLY KNOWN AS:

The Market Building  
Market Square  
Woodstock, Ontario

REASONS FOR DESIGNATION

a) Architectural:

The Market Building is a large, attractive red brick building with stone trim and twin towers. The low roof and wide canopies are typical of market construction of the period. Incorporated into the roof are two dormers.

b) Historical

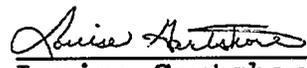

The Market was built in 1895 and is situated in a prominent position in the civic square. Over the years, it has provided a place on this site, where city meets country and friends meet friends. The building has served as a market, magistrate court and police station.

The Market Building is an important part of Woodstock's downtown and a unique resource to be maintained for our families futures.

Comments

Woodstock is the only city in the province lucky enough to still have its Ten Original Municipal Buildings left! What a wonderful way to enter the 1990's, by protecting our heritage for our future.

Dated at Woodstock this 17th day of November, 1993.
