(L.S.)

SCHEDULE 'A'

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the City of Toronto in the Municipality of Metropolitan Toronto (formerly in the County of York) and Province of Ontario and being composed of part of Lot 35 on the west side of St. George Street, according to Plan 578 registered in the Land Registry Office for the Registry Division of Toronto (No. 63), the said parcel of land being designated as PARTS 3 and 8 on a plan of survey deposited in the said Land Registry Office as 63R-2723.

SCHEDULE 'B'

Reasons for the designation of the Property at No. 176 St. George Street.

The property at No. 176 St. George Street is designated on architectural grounds. This house was built in 1891 by James McCabe, builder. It is noteworthy for the arched, recessed entrance porch with flanking cut stone trim, and two-storey bay window extending in detail from a coursed ashlar stone base to the overhanging gable set on bold decorative brackets. A recessed balcony with turned wood columns and a band of dentils at the lintel is central to the fish-scale terracotta tile front gable with broad panelled wood bargeboards. It is an example of important Annex area architecture and it is compatible with adjacent houses in material and form, as well as in context with surrounding spaces and other prominent houses on this part of St. George Street.
