SCHEDULE 'A'

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the City of Toronto in the Municipality of Metropolitan Toronto (formerly in the County of York) and Province of Ontario and being composed of part of Lot 36 on the west side of St. George Street, according to Plan 578 registered in the Land Registry Office for the Registry Division of Toronto (No. 63), the said parcel of land being designated as PART 4 on a plan of survey deposited in the said Land Registry Office as 63R-2723.

SCHEDULE 'B'

Reasons for the designation of the Property at No. 178 St. George Street.

The property at No. 178 St. George Street is designated on architectural grounds. In 1891, James McCabe, builder, built this house for Joseph Henry Widdifield, one-time sheriff of the County of York. The prominent corner tower extends as a circle oriel window to a conical tile roof with decorative metal finial. Coursed ashlar stone masonry is the prime material with red brick areas. The fenestration, porch and eave line are highlighted by finely crafted granite stone columns, as well as carved stone mullions and brackets. Coloured glass, turned wood mullions, decorative brick drip moulds, terracotta tile gables and wood trim distinguish this house in its corner space and in context with other important examples of Annex area architecture on this part of St. George Street.
