Attn: [Redacted]

Ontario Heritage Foundation

Take notice that the Council of the Corporation of the City of Toronto, on the 21st and 25th days of February, 1983, decided to designate the lands and buildings known municipally as No.411 Richmond Street East as a property of architectural and historical value or interest, under the Ontario Heritage Act, R.S.O. 1980, Chapter 337.

Short Statement of Reasons for the Proposed Designation

No.411 Richmond Street East (Gendron Manufacturing Company) is recommended for designation for architectural and historical reasons. Designed by Toronto architect J. W. Siddall in 1895, this corner building is a significant example of architectural design for turn-of-the-century industrial uses. It was originally built for Alfred Gendron, a manufacturer of baby carriages and rattan furniture and it remained in this use until 1982. The exterior detailing, including the decorative brickwork, and the fenestration with the ornamental glass on the first floor demonstrate a fine quality of workmanship. The chimney to the rear of the building is an important feature of the building's industrial heritage.

Notice of Objection to the designation may be served on the Clerk within thirty days of the 29th of March, 1983. (File 2363)

Dated at Toronto this 29th day of March, 1983.
