REASONS FOR DESIGNATION

455 Bay Street North,
Hamilton, Ontario

Located near the northern end of Bay Street, 455 is a one-storey brick residence built in 1900 by Charles Irish, a shoemaker by trade. Designed in the traditional Ontario Cottage style, the house adds architectural character and a sense of continuity to the important residential streetscape of Bay Street North. The building presents a lively street facade featuring a central gable, circular window, brick ribbing, and large windows flanking the central doorway. From inside, the house also enjoys a waterfront orientation, as a lower storey is built into the steeply pitched slope at the rear.

The building was associated with the waterfront at the time when George Askew, of Askew Boat Works, lived in the house, from 1913-1932.

Important to the conservation of 455 Bay Street North is the preservation of the original features of the front facade.
