SCHEDULE "B"

REASONS FOR DESIGNATION OF CARLUKE COMMUNITY CENTRE,
435 CARLUKE ROAD WEST, IN THE TOWN OF ANCASTER

The reasons for the proposed designation are that the Carluke Community Centre figures prominently in the history of Ancaster, and plays an important role in the history of the Carluke area of the Town, given that it has served as the focal point and only schoolhouse serving the local rural population for more than 100 years.

In 1844 this site was originally occupied by a log schoolhouse, which was commonly referred to as the "Little Red Schoolhouse". A larger, red brick school was constructed in 1858, which was damaged by fire, and subsequently altered to the present "Ontarian" type structure in 1925.

This structure was built with red brick with a rough cut, uneven stone base. An enclosed porch of similar construction protrudes from the front facade of the structure. A "belfry", with weather vane mounted on top, is designed in the gothic tradition, with four double arched openings. Round, eight paned window frames are situated in the centre of both the front and rear walls. The east wall contains five joined four over four double hung windows, which provided morning sunlight for students.

The use of the building ceased as a school in 1969, and is currently being used as a Community Centre for the local rural residents of Ancaster.

In addition, and without restricting the generality of the foregoing, the reasons for this Council designating the described premises include the intention that the whole of the exterior surfaces should be preserved in accordance with its original design, but this Council has no intention that any alterations, maintenance, repair, replacement or improvement of elements of the premises requires the prior written consent of this Council unless such affects the reasons for designation of the premises.
