(Fire Hall No. 4)

Publication Date

February 16, 2017

Last Date For Objection

March 20, 2017

Designed by Arthur E. Nutter (1874-1967), The Corporation of the City of London's first City Architect, in 1908 and completed in 1909, Fire Hall No. 4 is a civic landmark in the area now known as Old North. The building was purpose-built to serve the expanding residential area in the north end of London. The picturesque design of the building is encompassed by its asymmetrical plan with inspirations from the Italianate villa style, particularly demonstrated by the tall Tuscan tower that was historically used to dry leather hoses. While serving a civic function, the building fits into the historical residential context of its setting. Fire Hall No. 4 is London's oldest active fire station.

The detailed reasons for designation of this property can be seen in or obtained from the Office of the City Clerk, Room 308, City Hall, 300 Dufferin Avenue, London, Ontario N6A 4L9 during normal office hours (8:30 a.m. to 4:30 p.m. Monday to Friday). Any person who objects to any intended designation must, **within thirty days** after the date of the first publication, serve on the City Clerk a notice of objection in writing, setting out the reason for the objection and all relevant facts. The *Ontario Heritage Act* provides that where a notice of objection has been served, the Council shall refer the matter to the Conservation Review Board for a hearing.

DATED at London, Ontario on February 16, 2017.
