**SCHEDULE "B" TO BY-LAW 2006-95**

**REASONS FOR PROPOSED DESIGNATION**

The Cassidy-Luesby Building, located on the southeast corner of Main and Queen Streets is a classic example of the "Boom Town" style of architecture popular for commercial buildings in the mid to late nineteenth century. Originally built of rough cast, the building was subsequently clad with more expensive pressed tin siding, which remains on the building and was more expensive and considered stylish in its day.

Originally established as a marble works in the mid 1860's the establishment, known as the Luesby Monument Works, is likely one of the oldest businesses if not the oldest business in the Town of Newmarket that continues to operate at the same location.
