SCHEDULE "B"  
STATEMENT OF CULTURAL HERITAGE VALUE AND DESCRIPTION OF  
HERITAGE ATTRIBUTES

**Description of the Property:**

The Bethany Hope Centre is a two storey, red brick and stone constructed in 1924 and located at 1140 Wellington Street in the Hintonburg neighbourhood of Ottawa.

**Heritage Value:**

Built as a home for unwed mothers, the Bethany Hope Centre's cultural heritage value lies in its design as a good example of early 20<sup>th</sup> century institutional architecture, its history as a social service centre, and its landmark status in the community.

The Bethany Hope Centre is a good example of an early 20<sup>th</sup> century institutional building with Classical details. Constructed in 1924, and attributed to the architectural firm of Horwood and Taylor, the building is a two storey red brick building with a high basement and stone foundation. It is set back from the street by a formal lawn.

The Bethany Hope Centre has historical value for its association with the charitable work of the Salvation Army Church. The Salvation Army first came to Canada from England in 1882 and soon after began the charitable work for which the church is well known. The Bethany Hope Centre is an example of the Salvation Army's services for children and single mothers. Many of the Salvation Army maternity homes, including this one were located near the Salvation Army Grace Hospitals.

The Bethany Hope Centre is contextually valuable as a landmark along Wellington Street and for its contribution to the social services hub located in Hintonburg. The area around the Bethany Hope Centre has been the site of community oriented social services since the late 19<sup>th</sup> century including St. George's Home for Children, the Well Baby Clinic, and the Salvation Army Grace Manor.

**Heritage Attributes:**

The heritage value of the Bethany Hope Centre is embodied through the following elements:

- Two storey construction with high basement
- Red brick cladding
- Symmetrical nine bay front façade
- Flat roofed porch with round columns

- Simple geometric stone insets
- Segmental arched window openings with stone sills
- Central pediment on front façade
- Wide cornice with brick parapet above
- Large setback from Wellington Street by an open lawn in front of the building.

The designation includes the original circa 1925 building and the open space between the building and Wellington Street. The 1941 rear addition to the building and the rear yard of the property are not included in the designation.

forth by the said Schedules were all fully described herein

ENACTED AND PASSED this 23<sup>rd</sup> day of April, 2014.
