SCHEDULE "B" TO BY-LAW NUMBER

14246

HISTORICAL BACKGROUND AND REASON
FOR THE PROPOSED DESIGNATION

1. Belleville Collegiate Institute and Vocational School is an important heritage resource in the community because of its architectural style and the fact that for a quarter of a century it was the only public secondary school in the City.
2. The site is an historic one, having been designated as the location for the first district grammar (secondary) school in 1816.
3. Belleville Collegiate Institute and Vocational School is the fourth school to be located on this property (the earlier ones being a Roman Catholic elementary school [1840's], the Hastings County Grammar School [after 1850], and the Belleville High School).
4. Thousands of Belleville area residents were educated in Belleville Collegiate Institute and Vocational School and attended a variety of social, cultural and athletic events at Belleville Collegiate Institute and Vocational School.
5. The Playing Field covers the buried foundations of the Belleville High School (the outline of these foundations still visible at times).
6. Belleville Collegiate Institute and Vocational School and the Playing Field have been an important part of the community facilities separating the City Centre from the East Hill residential area.
