## IN THE MATTER OF THE ONTARIO HERITAGE ACT

The Corporation of the City of Ottawa on the 2nd day of August, 1995, established its intention to designate the following heritage property for its architectural and historical value.

43 Gilmour Street,

### STATEMENT OF REASON FOR DESIGNATION

43 Gilmour Street, Clarke House, is recommended for designation under Part IV of the Ontario Heritage Act on the basis of its architectural and historical significance.

This 1898 single family residence is an example of the simple houses erected for downtown workers during the period of rapid residential construction in Centretown in the late nineteenth century. It is of modest size and proportions - two and a half storey brick structure with gambrel roof facing the street and a veranda on two sides - a vernacular dwelling that reflects the tastes and needs of its original owner and later occupants. Although alterations have been made to the building over the years, the basic form of the house at the time of its construction remains intact. The building makes a significant contribution to the streetscape in the continuity of rhythm and scale.

Although the history of Clarke house reveals no prominent figures in residence, the complete documentation provided by the current owner shows a typical pattern of occupancy that well reflects the social history of Ottawa's labouring and clerical workers and the mixed social fabric of Centretown.

The interior of the building is not covered by this designation.

### OBJECTIONS

Any person wishing to object to this designation may do so by letter, outlining reasons for the objections and other relevant information. These must be received by the Clerk of the City of Ottawa either by registered mail or personally delivered by the 25th day of September, 1995.

DATED at Ottawa this 23rd day of August, 1995.

P.G. Pagé  
City Clerk
